

Athletic Training Education Program

The mission of the undergraduate Athletic Training Education Program (ATEP) at Troy University is to provide quality didactic and clinical experiences to entry-level athletic training students through the development and utilization of interactive instructional methods and exposure to a variety of clinical education experiences and allied health professionals.

In 1989, funding for the preliminary development of an ATEP at Troy University was obtained through Alabama Sports Medicine and in-kind gifts. The Athletic Training Education Program leads to a Bachelor of Science degree within the College of Health and Human Services. The Athletic Training Education Program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE), 2201 Double Creek Drive, Suite 5006, Round Rock, TX 78664. www.caate.net

Bachelor of Science in Athletic Training Education

The Bachelor of Science in Athletic Training Education consists of two components: (1) pre-athletic training education courses and (2) Athletic Training Education Program courses (first, second and third year). All students must complete the courses for pre-athletic training education and the Athletic Training Education Program as described in the University catalog. The pre-athletic training education courses must be completed and approved by the ATEP director before a student is eligible for admission to the Athletic Training Education Program. All students must make formal application to the Athletic Training Education Program and meet all admission requirements. Completion of pre-athletic training education courses does not guarantee admission into the Athletic Training Education Program. Consult with the program director of Athletic Training Education Program.

School of Hospitality, Sport and Tourism Management

The mission of the School of Hospitality, Sport and Tourism Management is to prepare students to become future leaders and scholars in hospitality, sport and tourism management by providing exemplary integrative and experiential academic preparation in a collaborative environment, to conduct seminal and applied research that impacts the hospitality, sport, and tourism industries on a local, national, and global level, and to provide professional and community service.

The total experience within the School of Hospitality, Sport and Tourism Management is to provide students with a comprehensive education that prepares them for a successful career in the industry.

Source: Miller

curriculum is designed to provide the student with an understanding of human behavior within the context of the social environment, an understanding of social and human service delivery systems, and basic skills in effective communication with client systems and basic skills in the development of intervention strategies to resolve interpersonal and social problems. A three-credit, 120-clock-hour field practicum is required.

Human Services Minor

A minor in human services is offered to students who desire basic understanding of the A minor] rstde

NURSING, ASSOCIATE OF SCIENCE (ASN)
(70 HOURS)

Admission

Students are admitted into the ASN Program in the spring and fall terms. The Admissions Committee reviews all records of qualified applicants. Applicants receive a ranking based on measurable criteria (i.e., test scores, GPA, etc.). Deadline for filing application and all required admission documentation is May 30 for fall admission and Oct. 1 for spring admission.

Admission to the ASN Program is Completed in TWO steps:

STEP 1

For admission to the ASN program, the student must

1. submit application for admission to undergraduate studies with \$30 application fee;
2. submit
