Troy University 2015-16 Senior Survey Report

Executive Summary

The purpose of this survey is to identify student satisfaction with their experiences at Troy University, recognize student development as a result of their Troy University education, and identify areas that need to be improved. Data collected in this survey are used to help the University strengthen its academic programs, better serve the needs of its students, and become more effective and efficient in accomplishing its mission and goals.

As an annual effort of institutional effectiveness, the Troy University Office of Institutional Research, Planning, and Effectiveness (IRPE) conducted the Troy University Senior Survey on all campuses of the University during spring 2016.

The questionnaire for the survey contained 35 questions. The first 19 questions ask for information regarding students' demographics, academics, employment, and financial aid. Questions 20 – 24 of the survey, with a high reliability, focus on measuring students' perceptions about and satisfaction with their Troy experiences. Question 30 was an open-ended question allowing for additional comments. Questions 31-35 asked more specifically the student's plans upon graduation. These same questions are also asked of the students during the exit process at the graduation ceremony on the Troy campus.

For data analysis, descriptive methods were used for the overall University as well as for each individual campus, site, college, and degree. Questions 20 to 29 were tabulated and items were presented in a cross tabulation by campus so that comparison, if necessary, could be made between campuses or between campus and the overall University. Questions 20 - 23, which contain measures for 73 items, are analyzed based on the factors defined from

Even though the response rates vary from year to year, the demographic factors from each year are roughly parallel. In spring 2016, 5,199 students who were identified as seniors through Datatel were emailed an invitation to participate in the survey. The characteristics of the survey respondents were determined to be similar to those of the total graduates of the year although some variation existed. Therefore, the responses to the current survey could be considered representative of the ideas and opinions of the students who were graduating in during the 2015-2016 Academic Year.

Student Satisfaction

- Student self-rated development (Report 1 – Q20)

Eighteen items related to knowledge, skills, and abilities were provided for the students to rate their development as a result of Troy University education. From the 18 items, two factors were identified - Intellectual Development and Leadership Development. In comparison to the prior four academic years, respondents shared about the same opinions regarding their development in the areas measured, with an average rating for Intellectual Development as 4.10 for 15-16, 4.04 for 14-15, 4.03 for 13-14, 3.96 for 12-13, and 4.09 for 11-12; and an average rating for Leadership Development as 4.32 for 15-16, 4.23 for 14-15, 4.20 for 13-14, 4.14 for 12-13, and 4.23 for 11-12; all in a 5-point scale with 1 as "Poor"

Similar to the ratings on Intellectual Development , ratings on Leadership Development were also strong as mean ratings for all of the seven items increased in 2015-2016 from the previous academic year. As illustrated in Table 2, more than 80% of the students gave positive ratings of either "Excellent" or "Good" to their development on all seven items related to Leadership Development. All mean ratings for items were 4.0 or higher, the factor mean was 4.32.

More detail on the ratings for these items included in each of these two factors can be found in Report 1.

- Student ratings for quality of education and academic support services (Report 2 – Q21)

Seventeen items were measured in terms of what students thought about the quality of education and academic support services at Troy University. Again a factor analysis identified two factors, which include Academic Support Services and Instruction . The factor Instruction , or Academics, includes ten items related to instruction and faculty and had an average rating of 4.09 for 15-16, 4.02 for 14-15, 4.12 for 13-14, 4.05 for 12-13, and 3.99 for 11-12; all on a 5-point scale with 1 as "Poor" and 5 as "Excellent." The factor average for 2015-2016 showed a marked improvement from the previous year, with over 75% or more of seniors rating items as either Excellent or Good in nine of the ten categories.

x Recommendation of Troy University

Important satisfaction indicators used by colleges and universities include whether students would re-enroll in the university, re-enroll in the same academic program, and recommend their university to others. The surveys over the past five years found that over 80% of the students indicated that they would enroll in the same academic programs and over 85% would attend Troy University again if they could start all over. The most important finding, which indicates student satisfaction with Troy University and academic programs, is that over 90% of the respondents would recommend both Troy University and their academic programs to someone planning to go to college.

Student Organization Information

Seniors were asked to identify which student organizations they belong to while attending Troy University. A considerable portion of seniors who participated in this survey (n= 690, 42% of survey participants) reported that they did not participate in any student organizations. The Honor Society was reported as the student organization with the most participation. Further analysis by campus revealed that the Troy Campus has the highest number of students participating in student organizations.

Implications

1. Overall, Troy University's graduating students were satisfied with their college experiences over the years they studied at TROY. In particular, the students were satisfied with their educational experiences at the University – instruction, the quality of education, and their academic programs. Furthermore, the students thought highly of their leadership development and intellectual development as a result of their education at Troy University.

2. The survey findings over for the past five years strongly suggest that Troy University was effective in offering quality education to its students. The data over the past five years consistently show that over 85% of the graduating students would attend Troy University if they could start college over. 80% or more would enroll in the same programs again and about 90% would recommend both Troy University and their academic programs to someone planning to go to college.

2015-2016 Senior Survey Report

40	I have a few suggestions and statements. I believe if I could go back and start college over, I would attend a junior college first, as it would have been much cheaper to gain an associates degree somewhere else before coming to a university for a bachelors degree. No one told me that, though. I am not sure that high school prepared me for the many options that I now know are available for furthering education. Lesson learned. I will teach my own children this discovery. Although my overall experience was good, and I have met many wonderful people, I wish that Troy observation placements took into consideration the distance that students travel just to attend classes. Let alone, to observe on a day when there is no class. It would be nice to observe in schools that we actually will be putting applications into after graduation. Schools closer to our homes. I wish I was able to get all of my observation hours at the schools of my choice, so that I could get to know the faculty and staff better. Althugh I have grown to know some faculty in Dothan, Alabama, this is not where I will be putting applications in at. I am a low income mom, and sometimes, my schedules for school conflicted with my work and home hours. This has been difficult as I enjoy spending time with my children. Classes ranged from A.M. classes to P.M. classes, so my work schedule was always changing. I found it difficult to get my kids to school by 7 A.M. so that I could be at an 8 A.M class on time some days. I wish the classes started at 8:30. As far as the faculty goes, I enjoyed most every professor that I had. Most seemed to care for me as a person, not just someone who was paying to listen to them talk. Questions were always answered when asked. I was never made to feel dumb for something I did not understand. Instead, answers were explained in a way I would understand. I look forward to keeping in touch with some of these professors after graduation. Troy has been a chapter in my book of life, and I will forever remember the life lessons I have learned by attending. Again, these are just some suggestions and statements that I have thought or learned in the past six years.
41	I have enjoyed attending Troy University- Phenix City Campus!!!- GO TROJANS!!!
42	I have enjoyed my time here at Troy although it has been expensive. I have one complaint though. Today I took my MFT today for Psychology and it didn't go very well. I feel like I didn't know anything and I left beyond frustrated! Maybe going forward you can cater to that because I feel like I've done all this work and spent all this money for nothing.
43	I have enjoyed my Troy Montgomery experience. I have had some excellent teachers and learned quite a bit about my career field. I have two suggestions for improvement. 90	Please fix the parking and the double standards.
91	Please work on better communication between the facility to the professors so they can deliver correct information without confusion. Please provide additional parking lots. In the future, I would like to see a type of intercom system in the classes of each building at Troy for emergencies. In each class procedures for a lock down should be taught.
92	Pleased with my educational journey with Troy University
93	Proud to be a part of the Troy alumni family.
94	Should work on parking as well as making the library hours more suitable for late night studying. The dining dollars are not worth your money with the current variety of choices offered, as well as the hours of operations.
95	Some professors in my department did not care about the advancement of my education. Some professors outside of my department cared more about the advancement of my education and were thoughtful. Otherwise, Troy is a good place to receive an education. Thre is nothing greater than a professor who actually cares. This is what contributed to my overall experience at Troy University.
96	STUDENT INTERNSHIPS SHOULD BE AVAILABLE TO ALL STUDENT NO MATTER THE MAJOR OR DEGREE. I WAS OFFERED AN INTERNSHIP BY MY JOB, BUT I COULDN'T DO IT BECAUSE INTERNSHIPS WAS NOT A REQUIREMENT AND WAS NOT AVAILABLE FOR MY MAJOR, WHICH HAS CAUSED ME TO HAVE A DFFICULT TIME IN FINDING A JOB IN MY DEGREE FIELD BECAUSE I DON'T HAVE EXPERIENCE.

100	The College of Education sucks. Honestly, I believe the university is past the point of improvement for this program. No one who is a higher up listens or takes into consideration anything that the students are asking or suggesting. Dr. [redacted] has her head so far up her ass that she has no idea how many sections are being offered in that semester. Considering she is chair of the department, she has no idea what is going on. The only professors who seem to look out for students is Ms. Carpenter and Dr. Johson. I believe that the College of Education should take a page from the School of Nursing and only allow a certain number of students in each semester based on GPA to hopefully avoid staffing shortage. I believe this would prevent the shit show of this yar from happening again. It is ridiculous that students had to fight to get into the classes they needed. It is also extremely unprofessional that some staff was literally hired a few days before classes even started. The last minute hiring led to unprepaed staff, which in turn leads to unprepared students. Fuck y'all.
101	The education classes are a joke... I hate to say that because I love Troy University. But the education classes are all geared towards elementary ed majors. I suggest having separate education classes for secondary ed students. Being a Math major I quickly realized it was much more to my benefit to drop the education program, get my B.S. in Mathematics and go the Alternate B Certification route. Classroom Management and Professional Educator may as well be the same class. It doesn't help that both classes were taught by adjunct faculty that were elementary school teachers. I understand that the State of Alabama and "No Child Left Behind" require certain things from an education program, but Troy's needs to be seriously overhauled. It shouldn't take 0 classes to teach what can be learned in 5.
102	The Education department is not ideal to me. I do not feel like the classes help students as they enter internship. Many of my colleagues have expressed the same concern and have been frustrated with the way the department is run.
103	The education I received from Troy will propel me to my next level of educational goals. It has been an educational journey. Thanks for the experience.
104	The instructors have been good, some need to work on being an instructor and some have it down very well. The transition of switching academic counselors was not smooth. This area needs improvement. There was a communication barrier when it happened to me. There should be a mutual introduction email... then the new counselor should send a separate email with all contact info on it introducing him/herself to the students.
105	The interpreter training program at Troy university needs some work. Unrealistic expectations for the students is one of them.
106	The math department at Troy has been wonderful the past 4 years. My professors and all staff made themselves available to help me every time I needed. They all always had an open door for students, and it made my experience at Troy so wonderful. The Eduction department was clearly working out some kinks while I was here. Mrs. Hollis is absolutely amazing. She might be the busiest person I have ever met and yet she still was always available to help me and other students. I think the rest of the education department just needs to get on the same page and inform all professors of changes because it was very confusing trying to figure out requirements for observation hours and internship.

112	There are some really great professors that are invested with students at Troy. The main problem is with Troy are some ineffective people in higher positions, positions of power. I have formally complained to the Dean of CCFA in regards to inappropriate ad abusive behavior from professors with no punishments for those professors. This dean also discouraged me from filing official complaints with HR. I'm not one to complain, but this is a large issue that needs much attention. Thank you.
113	There really should be some type of local chapters of Fraternity/Sorority for online student
114	There should be more lights outside when people are walking because it is dangerous when walking to your dorm or apartment at night and it is pitch black. The health center should examine patients more thoroughly instead of guessing and writing out prescriptions. If you have an unlimited meal plan, it should be an option for the

124	Troy University became my home away from home. I care and love the campus at Troy University. There are several upgrades that I think could be done to help student life. First you have to build a new recreational center. While applying to colleges, I was minutes away from choosing South Alabama just because its recreational facility is unbelievable. I believe this would help us retain incoming freshman to the university as well. Next, topic I would like to discuss is the Athletic Training Education Program The people in that department are INCREDIBLE. They will do anything for any of their students if they are hard working students. They as faculty and staff will be lifelong colleagues that I will always stay connected with.
125	Troy University have definitely been a pleasure to attend. I have enjoyed the services and felt as though all employees were very helpful in my time of need.
126	Troy University is a good school. I have enjoyed my classes, and my instructors were very challenging. However, I have had some terrible online instructors that do not care anything about students and they want to see you fail instead of setting you up fo success. Something needs to be done about these instructors....
127	Troy University mainly focuses on those students at one of the Main Campus sites. Online and satellite locations seem to receive the cold shoulder.
128	Troy's financial aide, registration, and ITP department need to learn to communicate. I had numerous issues that resulted in panic attacks and tears and should never have happened had the departments communicated to begin with. I think my academic classes at Troy were fine, but the ITP program needs to be evaluated and changed. I would NOT suggest any one join Troy's ITP department. I would highly recommend they go elsewhere for ITP
129	When I first started school at Troy, my basic classes were completed except for one class. I have been pleased with Troy in helping me with my one basic class and the general classes I have completed, because I was able to complete them in class. At the sart of 2014, I started registering for classes myself using the computer at home. About eighty percent of my upper level classes

2015/2016 Senior Survey

Please complete this survey and submit it online if you are planning to Graduate Spring/Summer/Fall 2016. The information you provide will help Troy University improve and enhance its programs and services so that the University can better serve the educational needs of its students. Your responses will be kept strictly confidential and only group data will be reported. We thank you in advance for your participation in this survey.

All students who are classified as "seniors" were sent an email inviting them to participate in this survey. However, some students are classified as "seniors" for more than one academic year. If you plan on graduating later than the Fall Semester of 2016, you do not need to complete this survey. You will be offered another chance during the next academic year.
